Mission Statement

*The mission of Ayden Arts and Recreation Department
is to provide high quality, diverse and accessible programs, services and facilities that enhance
the quality of life for all ages, cultures, and abilities.*

Philosophy

The game of softball is just a game. The number one reason (well documented in a number of studies) children participate in youth sports is to have fun. If you take the fun out of sports, you take the child out of sports. It is detrimental to the player if there is too much pressure placed on them too early to achieve a result rather than simply experiencing the sheer joy of a youth game. As a coach you want to create a stress free relaxed environment for your team. Let your kids know that it is okay to make mistakes. Get to know your kids individually and determine what they need to be successful. For some kids it might be a specific skill. For others it might be encouragement or even something as simple as acknowledgment.

Ayden Arts and Recreation youth softball is not about how many wins or losses are accumulated! Proper softball development is achieved by children participating in age appropriate activities so that they are able to experience, comprehend, and execute the game as it relates to where they are in their cognitive development. It is achieved by all of the team members receiving equal playing time. It is achieved by teaching the skills, rules and vocabulary of the game. Finally, it is achieved by teaching sportsmanship. Learning about winning and losing, playing by the rules, and respecting an opponent are just as important as learning softball skills.

The Ayden Arts and Recreation wants you to respect the game of softball, respect the players, the opponents, the referee, and the parents. Go about your teachings in a thorough, positive, yet humble manner. Players should come out of their experience with the coach as better people and better citizens, not just better softball players.

Role of the Coach

As a coach in youth sports, one must assume the responsibility of ensuring that each participant has an enjoyable and safe experience learning basketball. To fulfill these responsibilities, a coach must wear many different hats. Listed below are some prominent roles a coach may take on.

Facilitator

- Set up the conditions and environment for learning.
- Give only positive feedback (sarcasm and negativity should never occur).
- Encourage players to give each other positive feedback.
- Coaches should be enthusiastic, organized, patient, sincere, and fair.
- Practices should be conducted in the spirit of enjoyment and learning.
- De-emphasize winning and losing and emphasize sportsmanship and fun.
- Invite parents to help and participate.

Positive Role Model

- Work with all players equally.
- Treat each team member with equal regard and respect.
- Demonstrate respect for opponents, referees, parents, spectators, opposing coaches, and opposing players.
- Show respect and responsibility for the game of basketball.

Understand who you are coaching

- Children are not defined by chronological age only.
- Each child matures and develops at a different pace.
- Treat each child as a unique individual.
- All activities should be age appropriate.
- Recognize that kids participate for different reasons. Some may be there because their older siblings play and it is expected in their family that they play. Some may play because they have a parent that is a frustrated athlete and wants to live through their child. Some may play because all their friends do, and they want to be with them. Others may play because they love basketball.

“THERE IS NO GREATER GIFT THAN THAT OF A GOOD COACH”

Bruce Brown (Former college coach)

Coaches' Responsibilities and Guidelines

Coaches are role models for teaching the fundamentals of the sport, sport skills, tactics and sportsmanship. Coaches are responsible for their personal conduct and behavior, as well as, the conduct and behavior of players. Coaches are required to follow the Ayden Arts and Recreation Department guidelines at all times. A coach who does not follow the guidelines provided by the Ayden Arts and Recreation Department will need to meet with the Arts and Recreation Department Recreation Director in order to continue to coach. Youth Sports Players

A growing body of research literature finds that in addition to improved physical health, sport plays a primarily positive role in youth development, including improved academic achievement, higher self-esteem, fewer behavioral problems, and better psychosocial. Many studies focus on the effects of sport on the five “C’s” competence, confidence, connections, character, and caring, which are considered critical components of positive youth development. It has long been thought that the many facets of playing sport—the discipline of training, learning teamwork, following the leadership of coaches and captains, learning to lose, provide lifelong skills for athletes.

Four Truths about Children and Sports

- Fun is pivotal. If it isn’t fun, children will drop out of sports.
- Skill development is a crucial aspect of fun.
- Intrinsic rewards (self-knowledge that grows out of self-competition) are more important in creating lifetime athletes than are extrinsic rewards (victory or attention from others).
- The most rewarding challenges of sports are those that lead to increased self-knowledge, self-improvement, self-confidence, and self-esteem

Age Group Characteristics

Before you are able to effectively coach the children that have been entrusted to your care, you need to understand the characteristics of whom you are developing. It is imperative that you understand that when you are dealing with children that you take the time to comprehend where they are currently in their own development.

Ages 4 - 6

From a physical perspective (psychomotor), children in this age group perform activities at full speed. Then they need frequent rests and then they go again. Movements such as running, hopping, skipping and maintaining balance are not fully developed at this age.

From a mental perspective (cognitive), they have a short attention span, can only perform one task at a time and only if its given with basic instructions. They don't have a clear understanding of the team concept and tactics are useless. Everything revolves around themselves and the ball.

From a social (psychosocial) standpoint the children need to feel secure in practice and in games. The coach needs to be sensitive in selecting activities that allow social interaction with the other players in their group. They are easily bruised psychologically. Elimination games are highly discouraged. They will also tend to exaggerate their accomplishments-let them.

Ages 7 - 9

This is the stage where players begin to understand the concept of passing to a teammate.

From a physical standpoint they still lack a sense of pace and tend to exert themselves hard and then drop. They are now starting to develop some physical confidence in themselves and they are still into running, climbing, rolling and jumping.

From a mental perspective they feel if they tried hard then they performed well (regardless of the activity's outcome). They are beginning to show a limited ability to tend to more than one task at a time.

From a social perspective they have a great need for approval from adults and like to show off individual skills. Negative comments carry great weight. Their playmates start to emerge and they will start to move towards small groups. They want everyone to like them at this age. You should be positive with everything that you do.

Ages 10 – 12

Children at this age are on the edge of childhood and adolescence. It can present a multitude of problems, but also an abundance of potential.

From a physical standpoint strength and power become a major factor in their performance. Their muscles mature and they realize how much more they can do on the court. Their coordination significantly improves and it shows up in the execution of a child's technical

ability.

From a mental perspective they can sequence thoughts and perform complex tasks. A coach can expect his players to understand the game and use teammates to solve problems. They are usually eager to learn.

From a social perspective whether a child enters puberty early or late is significant. Girls tend to form cliques while boys take a more broad approach to team relationships. The manner in which they feel about themselves can determine how they relate to their teammates. Sometimes popularity influences self-esteem.

Ages 13 - 16

From a physical standpoint they are experiencing many physical changes. They are entering puberty where boys' voices are changing; they are experiencing a growing spurt.

From a mental perspective they are expanding to include more abstract thinking. They are beginning to understand cause and effect and are ready for more in-depth and more long-term experiences. They also like to set goals based on their needs and interests. They are also moving from fantasy to reality where their life goals or career are concerned.

From a social perspective a child at this age are transitioning into involvement with opposite sex groups. They are more interested in what their peers say than their parents' advice. They do search for adult role models outside of their parents

Players' Responsibilities and Expectations

Participation in youth sports programs can have a lasting and meaningful effect on children's lives. Therefore, it is the goal of the Ayden Arts and Recreation Department to provide the highest quality of athletic programs to ensure that a child's experience with sports is a positive one. It takes the cooperation of everyone involved, including the participant, to make this happen. The Ayden Arts and Recreation Department has established the following responsibilities for participants to adhere to:

- Players will listen to their coaches and be respectful of their elders.
- Players will take care of the facilities, equipment, and uniforms which they are given or participate in.
- Players will make sure to eat the right foods and drink plenty of water before and after practices and games.
- Players will avoid all types of taunting and belittling remarks to their teammates or opponents.
- Players will show good sportsmanship at all times, win or lose.
- Players will not make sports a priority over schoolwork or family.
- Players will participate for the love of the game and social interaction with peers.

Players Code of Ethics

Players are expected to conduct themselves in a positive manner regarding their youth sports experience and accept responsibility for their participation by following the Players Code of Ethics Pledge:

- I will encourage good sportsmanship from fellow players, coaches, officials, and parents at every game and practice by demonstrating good sportsmanship.
- I will attend every practice and game that I can, and will notify my coach if I cannot.
- I will expect to receive a fair and just amount of playing time.
- I will do my very best to listen and learn from my coaches.
- I will treat my coaches, other players, officials and fans with respect regardless of race, gender, creed or abilities, and I will expect to be treated accordingly.
- I deserve to have fun during my sports experience and will alert parents or coaches if it stops being fun!
- I deserve to play in an environment that is free of drugs, tobacco, and alcohol and expect adults to refrain from their use at all youth sporting events.
- I will encourage my parents to be involved with my team in some capacity because it's important to me.
- I will do my very best in school.
- I will remember that sports are an opportunity to learn and have fun.

Offense & Penalty

Players may not conduct themselves in an unsportsmanlike manner at any time and may be removed from the league if they do. Regardless of the situation, we expect our players to act with the upmost respect and integrity in any scenario.

- *Offense* ejected from a game

Player Safety

As a volunteer coach you will have the care, custody, and control of someone else's children. In this capacity you have the potential to create and to prevent accidents and injuries.

- You must provide adequate supervision to your players. The health and safety of your team members are entrusted to your care. You must provide adequate supervision to avoid foreseeable accidents and injuries. NEVER leave players unattended! NEVER leave after a game or practice until all parents or guardians have arrived!
- Evaluate your players and determine any limitations that they may have. Be sure players are physically and mentally capable of performing the e required skills. Evaluate injuries as they occur and determine if it is safe for the player to play.
- If any minor or major injuries occur, always fill out an accident report and give it to a recreation staff member.

Care and Prevention of Injuries

The first line of defense in the treatment of injuries is to prevent them. Factors that can prevent injuries are:

- The proper use of equipment
- No jewelry allowed
- Make sure there is ample water and rest periods
- Make sure players don't return too early from an injury

The care of an injured athlete should begin the moment an injury occurs. Immediate care will reduce the severity of the injury and possibility of long-term disability. Upon seeing an injured player on the court a coach should:

- Stay composed
- Determine if a player is conscious and coherent (if not, dial 911)
- Question the player in regards to the injury
- Avoid moving the player if it appears major in any way
- Inspire confidence and reassure the player
- Determine how the injury occurred

After determining that an injury is not life threatening, the nature of an injury can be further determined. Note the position of the injured part. Is it swollen or deformed? Compare the injury with the uninjured opposite body part. Do not move the injured part.

PLANNING FOR THE SEASON

Holding a pre-season parent meeting is beneficial for the parents, players and coach. Take this opportunity to inform parents of the goals and expectations as outlined in the Youth Softball Coaches' Manual.

Parent Orientation Meeting

All Coaches are encouraged to establish effective lines of communication with the team parents early in the season by holding a parent orientation meeting. This may take the form of a casual discussion at your first practice. The time you invest will pay dividends for all concerned throughout the season. If a meeting is impossible, then the following information could be put in a letter to parents/players. But, a face-to-face meeting is preferred.

Purpose of a Parent Orientation Meeting

- Enables parents to understand the objectives of the team.
- Allows parents to become acquainted with you, the coach.
- Inform parents about the nature (and inherent risks) of the sport.
- Articulate your expectations of them and of their children.
- Enables you to address any parents' concerns.
- Establishes clear lines of communication between you, parents, and players.
- Allows you to obtain parental support (assistant coaches, team parents, etc.).
- Designate a "Team Mom" to arrange a schedule for snacks and refreshments for each game.

Important Points to Cover

- Introduce yourself and assistant coaches (or ask for volunteers at this time).
- Give background information about yourself (why you are coaching, experience)
- Coaching philosophy
- Discuss the value of the sport and the health benefits to the children.
- Discuss the philosophy of age appropriate activities.
- State the importance you assign to having fun and developing technique.
- State how you evaluate player development through skills and not winning.
- Discuss any team rules and guidelines.
- Let them know that all players will receive equal playing time.
- Discuss how players must respect opponents, coaches, officials, and the game itself.
- Briefly discuss rules of the game.

6-8 yr Age Division- Pitching Machine League

Innings: A regulation game will consist of 5 innings or 60-minute time limit, whichever comes first. A side inning will consist of 3 outs or 5 runs.

We will not start a new inning after 50 mins.

Pitching Machine: The pitching machine will be set up at a distance of 35 feet from home plate. The speed will be set between 34-40 mph. As the season progresses, we will gradually increase the speed.

Pitcher: A defensive player will be allowed to play in the pitching circle. The pitcher should play on the left side of the pitching circle/closest to first base to avoid the pitching wheel.

Each batter will get 5 pitches to hit the ball. After 5 unsuccessful attempts to hit the ball the batter will be out. A foul ball will not count as a last strike. If the ball is batted and hits the pitching machine, it will be ruled a single and all runners will advance one base.

Passed Balls at 1st Base: If there is a pass ball/overthrow at first base, the batter **can** advance one additional base. Runners advance at their own risk. Other Base Runners: All other base runners will be allowed the advance one extra base at their own risk. A pass ball/overthrow at first will be at the umpire's decision/opinion.

Stealing: There will be no stealing in this league. Runners can only advance to the next base when the ball is hit. Runners are allowed to take a lead off the base when the ball crosses the plate.

Returning the ball to the Pitcher: The ball/play will be ruled dead when the ball is thrown back to the pitcher circle. The pitcher does not have to successfully catch the ball **but** she must be INSIDE THE CIRCLE for the ball/play to be ruled dead. If the base runners are more than half way when the ball is ruled dead, the official will allow them to go to the next base. If the base runners are less than half way when the ball is ruled dead, the official will have the runners go back to the previous base. *NOTE* Always encourage your base runners to run to the next base. The official will tell them if they need to go back to the previous base.

Defensive Coach: One defensive coach will be allowed on the field while his/her team is on defense. The coach must stand and remain behind 2nd base and not interfere with the offense in any way. If the defensive coach interferes with the play, the batter will be ruled safe and all runners will advance to the next base.

Offensive Coaches: Offensive coaches MUST stay in the coaches' boxes located by first and third base.

Infield Fly: No Infield fly rule.

Dropped Third Strike Rule: Batters may not advance to first base on a dropped strike.

9-11yr Age Division- Coach Assist

Innings: A regulation game will consist of 5 innings or 1:15 minute time limit, which ever come first. A side inning will consist of 3 outs or 5 runs.

We will not start a new inning after 1:05 mins.

Pitching: Pitchers will pitch from 35 feet with an 11 inch ball. If the pitcher hits the batter with the ball, the batter will be awarded first base. 3 strikes will be an out. 4 balls will prompt the offensive team's coach to come on the field and throw the rest of the strike count to the batter.

Coach Assist: The coach may stand 20-35 feet from home plate when pitching to the batters. The offensive coach on the field may not interfere with the defense during a play. If there is interference, the play will be ruled dead and the batter will be out.

Coaches will only be allowed to throw one "ball" per strike.

- 4 Balls / 0 Strikes = coach has 6 pitches to throw 3 strikes to the batter
- 4 Balls / 1 Strike = coach has 4 pitches to throw 2 strikes to the batter
- 4 Balls / 2 Strikes = coach has 2 pitches to throw 1 strike to the batter
 - NOTE: Any pitch that is in the strike zone will be called a strike regardless if the batter swings.

Bunting will not be allowed when the coach is pitching. Any attempt to bunt with the coach pitching will result in a strike.

Passed Balls at 1st Base: If there is a pass ball/overthrow at first base, the batter **can** advance one additional base. Runners advance at their own risk. **Other Base Runners:** All other base runners will be allowed the advance one extra base at their own risk. A pass ball/overthrow at first will be at the umpire's decision/opinion.
