Mission Statement

The mission of Ayden Arts and Recreation Department is to provide high quality, diverse and accessible programs, services and facilities that enhance the quality of life for all ages, cultures, and abilities.

Philosophy

The game of soccer is just a game. The number one reason (well documented in a number of studies) children participate in youth sport is to have fun. If you take the fun out of sports, you take the child out of sports. It is detrimental to the player if there is too much pressure placed on them too early to achieve a result rather than simply experiencing the sheer joy of a youth game. As a coach you want to create a stress free relaxed environment for your team. Let your kids know that it is okay to make mistakes. Get to know your kids individually and determine what they need to be successful. For some kids it might be a specific skill. For others it might be encouragement or even something as simple as acknowledgment.

Ayden Arts and Recreation youth soccer is not about how many wins or losses are accumulated! Proper soccer development is achieved by children participating in age appropriate activities so that they are able to experience, comprehend, and execute the game as it relates to where they are in their cognitive development. It is achieved by all of the team members receiving equal playing time. It is achieved by teaching the skills, rules and vocabulary of the game. Finally, it is achieved by teaching sportsmanship. Learning about winning and losing, playing by the rules, and respecting an opponent are just as important as learning soccer skills.

The Ayden Arts and Recreation wants you to respect the game of soccer, respect the players, the opponents, the referee, and the parents. Go about your teachings in a thorough, positive, yet humble manner. Players should come out of their experience with the coach as better people and better citizens, not just better soccer players.
Role of the Coach

As a coach in youth sports, one must assume the responsibility of ensuring that each participant has an enjoyable and safe experience learning soccer. To fulfill these responsibilities, a coach must wear many different hats. Listed below are some prominent roles a coach may take on.

Facilitator

- Set up the conditions and environment for learning.
- Give only positive feedback (sarcasm and negativity should never occur).
- Encourage players to give each other positive feedback.
- Coaches should be enthusiastic, organized, patient, sincere, and fair.
- Practices should be conducted in the spirit of enjoyment and learning.
- De-emphasize winning and losing and emphasize sportsmanship and fun.
- Invite parents to help and participate.

Positive Role Model

- Work with all players equally.
- Treat each team member with equal regard and respect.
- Demonstrate respect for opponents, referees, parents, spectators, opposing coaches, and opposing players.
- Show respect and responsibility for the game of soccer.

Understand who you are coaching

- Children are not defined by chronological age only.
- Each child matures and develops at a different pace.
- Treat each child as a unique individual.
- All activities should be age appropriate.
- Recognize that kids participate for different reasons. Some may be there because their older siblings play and it is expected in their family that they play. Some may play because they have a parent that is a frustrated athlete and wants to live through their child. Some may play because all their friends do, and they want to be with them. Others may play because they love soccer.

“THERE IS NO GREATER GIFT THAN THAT OF A GOOD COACH”

Bruce Brown (Former college coach)

Youth Sports Players

A growing body of research literature finds that in addition to improved physical health, sport plays a primarily positive role in youth development, including improved academic achievement, higher self-esteem, fewer behavioral problems, and better psychosocial. Many studies focus on the effects of sport on the five “C’s” competence, confidence, connections, character, and caring, which are considered critical components of positive youth development. It has long been thought that the many facets of playing sport—the discipline of training, learning teamwork, following the leadership of coaches and captains, learning to lose, provide lifelong skills for athletes.

Four Truths about Children and Sports

- Fun is pivotal. If it isn’t fun, children will drop out of sports.
- Skill development is a crucial aspect of fun.
- Intrinsic rewards (self-knowledge that grows out of self-competition) are more important in creating lifetime athletes than are extrinsic rewards (victory or attention from others).
- The most rewarding challenges of sports are those that lead to increased self-knowledge, self-improvement, self-confidence, and self-esteem

Age Group Characteristics

Before you are able to effectively coach the children that have been entrusted to your care, you need to understand the characteristics of whom you are developing. It is imperative that you understand that when you are dealing with children that you take the time to comprehend where they are currently in their own development.

Ages 4 - 6

From a physical perspective (psychomotor), children in this age group perform activities at full speed. Then they need frequent rests and then they go again. Movements such as running, hopping, skipping and maintaining balance are not fully developed at this age.

From a mental perspective (cognitive), they have a short attention span, can only perform one task at a time and only if its given with basic instructions. They don’t have a clear understanding of the team concept and tactics are useless. Everything revolves around themselves and the ball.

From a social (psychosocial) standpoint the children need to feel secure in practice and in games. The coach needs to be sensitive in selecting activities that allow social interaction with the other players in their group. They are easily bruised psychologically. Elimination games are highly discouraged. They will also tend to exaggerate their accomplishments-let them.
Ages 7 - 9
This is the stage where players begin to understand the concept of passing to a teammate.

From a physical standpoint they still lack a sense of pace and tend to exert themselves hard and then drop. They are now starting to develop some physical confidence in themselves and they are still into running, climbing, rolling and jumping.

From a mental perspective they feel if they tried hard then they performed well (regardless of the activity’s outcome). They are beginning to show a limited ability to tend to more than one task at a time.

From a social perspective they have a great need for approval from adults and like to show off individual skills. Negative comments carry great weight. Their playmates start to emerge and they will start to move towards small groups. They want everyone to like them at this age. You should be positive with everything that you do.

Ages 10 – 12
Children at this age are on the edge of childhood and adolescence. It can present a multitude of problems, but also an abundance of potential.

From a physical standpoint strength and power become a major factor in their performance. Their muscles mature and they realize how much more they can do on the field. Their coordination significantly improves and it shows up in the execution of a child’s technical ability.

From a mental perspective they can sequence thoughts and perform complex tasks. A coach can expect his players to understand the game and use teammates to solve problems. They are usually eager to learn.

From a social perspective whether a child enters puberty early or late is significant. Girls tend to form cliques while boys take a more broad approach to team relationships. The manner in which they feel about themselves can determine how they relate to their teammates. Sometimes popularity influences self-esteem.
Players’ Responsibilities and Expectations

Participation in youth sports programs can have a lasting and meaningful effect on children’s lives. Therefore, it is the goal of the Ayden Arts and Recreation Department to provide the highest quality of athletic programs to ensure that a child’s experience with sports is a positive one. It takes the cooperation of everyone involved, including the participant, to make this happen. The Ayden Arts and Recreation Department has established the following responsibilities for participants to adhere to:

- Players will listen to their coaches and be respectful of their elders.
- Players will take care of the facilities, equipment, and uniforms which they are given or participate in.
- Players will make sure to eat the right foods and drink plenty of water before and after practices and games.
- Players will avoid all types of taunting and belittling remarks to their teammates or opponents.
- Players will show good sportsmanship at all times, win or lose.
- Players will not make sports a priority over schoolwork or family.
- Players will participate for the love of the game and social interaction with peers.

Players Code of Ethics

Players are expected to conduct themselves in a positive manner regarding their youth sports experience and accept responsibility for their participation by following the Players Code of Ethics Pledge:

- I will encourage good sportsmanship from fellow players, coaches, officials, and parents at every game and practice by demonstrating good sportsmanship.
- I will attend every practice and game that I can, and will notify my coach if I cannot.
- I will expect to receive a fair and just amount of playing time.
- I will do my very best to listen and learn from my coaches.
- I will treat my coaches, other players, officials and fans with respect regardless of race, gender, creed or abilities, and I will expect to be treated accordingly.
- I deserve to have fun during my sports experience and will alert parents or coaches if it stops being fun!
- I deserve to play in an environment that is free of drugs, tobacco, and alcohol and expect adults to refrain from their use at all youth sporting events.
- I will encourage my parents to be involved with my team in some capacity because it’s important to me.
- I will do my very best in school.
- I will remember that sports are an opportunity to learn and have fun.

**Offense & Penalty**

Players may not conduct themselves in an unsportsmanlike manner at any time and may be removed from the league if they do. Regardless of the situation, we expect our players to act with the upmost respect and integrity in any scenario.

- **Penalty** Not necessarily proceeded by a warning...immediate ejection, removal from the premises and a minimum five (5) years suspension. This includes regular and tournament games, practices, award ceremonies or any other Ayden Recreation Department function(s).
**Player Safety**

As a volunteer coach you will have the care, custody, and control of someone else’s children. In this capacity you have the potential to create and to prevent accidents and injuries.

- You must provide adequate supervision to your players. The health and safety of your team members are entrusted to your care. You must provide adequate supervision to avoid foreseeable accidents and injuries. NEVER leave players unattended! NEVER leave after a game or practice until all parents or guardians have arrived!
- Evaluate your players and determine any limitations that they may have. Be sure players are physically and mentally capable of performing the required skills. Evaluate injuries as they occur and determine if it is safe for the player to play.
- If any minor or major injuries occur, always fill out an accident report and give it to a recreation staff member.

**Care and Prevention of Injuries**

The first line of defense in the treatment of injuries is to prevent them. Factors that can prevent injuries are:

- The proper use of equipment
- No jewelry allowed
- Make sure there is ample water and rest periods
- Make sure players don’t return too early from an injury

The care of an injured athlete should begin the moment an injury occurs. Immediate care will reduce the severity of the injury and possibility of long-term disability. Upon seeing an injured player on the court a coach should:

- Stay composed
- Determine if a player is conscious and coherent (if not, dial 911)
- Question the player in regards to the injury
- Avoid moving the player if it appears major in any way
- Inspire confidence and reassure the player
- Determine how the injury occurred

After determining that an injury is not life threatening, the nature of an injury can be further determined. Note the position of the injured part. Is it swollen or deformed? Compare the injury with the uninjured opposite body part. Do not move the injured part.
PLANNING FOR THE SEASON

Holding a pre-season parent meeting is beneficial for the parents, players and coach. Take this opportunity to inform parents of the goals and expectations as outlined in the Youth Soccer Coaches’ Manual.

**Parent Orientation Meeting**

All Coaches are encouraged to establish effective lines of communication with the team parents early in the season by holding a parent orientation meeting. This may take the form of a casual discussion at your first practice. The time you invest will pay dividends for all concerned throughout the season. If a meeting is impossible, then the following information could be put in a letter to parents/players. But, a face-to-face meeting is preferred.

**Purpose of a Parent Orientation Meeting**

- Enables parents to understand the objectives of the team.
- Allows parents to become acquainted with you, the coach.
- Inform parents about the nature (and inherent risks) of the sport.
- Articulate your expectations of them and of their children.
- Enables you to address any parents’ concerns.
- Establishes clear lines of communication between you, parents, and players.
- Allows you to obtain parental support (assistant coaches, team parents, etc.).
- Designate a “Team Mom” to arrange a schedule for snacks and refreshments for each game.

**Important Points to Cover**

- Introduce yourself and assistant coaches (or ask for volunteers at this time).
- Give background information about yourself (why you are coaching, experience)
- Coaching philosophy
- Discuss the value of the sport and the health benefits to the children.
- Discuss the philosophy of age appropriate activities.
- State the importance you assign to having fun and developing technique.
- State how you evaluate player development through skills and not winning.
- Discuss any team rules and guidelines.
- Let them know that all players will receive equal playing time.
- Discuss how players must respect opponents, coaches, officials, and the game itself.
- Briefly discuss rules of the game.

1 V 1 Dribbling Through Gates

Setup- Large field with a bunch of "cone gates" about one yard apart. Pair up players. One of the two players needs a soccer ball.

The Game- On the coaches whistle, players try to dribble through as many gates as possible while the other player tries to steal the ball. Play for a certain amount of time. 30 to 60 seconds. Cannot go through the same gate twice in a row. One point for each gate. If the other player steals the ball, he gives it back to attacker. When time is up, switch positions.

Player with most points wins.
**1 V 1**

Set up a bunch of small fields / grids. 4 players at each field.

Object of the game is to dribble the soccer ball across the opposite line.

How to play- player 1 kicks ball to player 2. ONCE player 2 touches the ball, players 1 can enter the field and play defender.

Player 2 tries to score a point by dribbling over the line at the opposite end of the field. When a player scores or ball goes out of bounds, they get off the field and switch sides so next time player one will play offense. The game resumes quickly with players 3 and 4.

Make sure player 3 has a ball and is ready to go.

Variations- to score, player has to STOP the ball on the end line.
Play 2v2.
1v1 Dribbling with Fitness Twist

**Set-up** - Use or make a line on the field. Pair up players and have them sit Indian style (legs crossed) and facing away from the field (or facing towards the coaches). Each pair has a soccer ball between them.

**The Game** - The coaches go around to each of the pairs and kicks the ball into the field. Once the ball is kick, the two players get up as fast as they can from Indian sitting position and each player races to the ball and tries to win and dribble the ball back to the line. The player who does this wins one point. They sit again and wait for the coach to come and kick the ball again.

Player with most points wins.
Big Square Little Square or Haunted House

**Big Square Little Square** (older kids) or **Haunted House** (younger kids).

Set up one large grid 25x25 (big square) and a small grid inside (little square) 10x10.

The smaller grid on the inside is the "Haunted House".

The Triangle players are the "Zombies" and start inside the "Haunted house".

4 to 8 players on the outside dribble from one side of the grid to the other side. Dribbling through the "haunted house". If a Zombie steals the ball, they get to go to the outside and the player that lost the ball becomes a "Zombie".

1 point for every time a player dribbles through the haunted house.

Play for 10-15 minutes,
Player 1 starts by dribbling to cone and has to shoot before he gets to the next cone.

If player 2 saves the ball, he keeps ball and runs to the end of the line on his team. If player 1’s shot is wide, player 2 gets the ball and goes to the end of the line for his team.

After Player 1 shoots, he becomes the goalie.

It is now player 3’s turn to dribble and shoot. After he shoots, he or she then becomes the goalie and player 1 goes to the end of the line on his team.

First team to 15 wins.

Coaching Points - eventually the players on the shooting team need to shoot before the goalie gets set up. And the players that just shot realize they need to hustle to play goalie.
Keep your Yard Clean

Keep your yard clean

The object of the game is to keep your yard clear of soccer balls. Good drill for passing practice.

The set up. Two 40x40 grids next to each other. 
The Game- two equal teams, one in each grid. Each player has a ball to start the game. On the coaches whistle, the players try to pass the ball from their yard into the opposing teams yard. When the coach blows the whistle(3-5 mins), play stops, the team with the least amount of balls in their yard wins. Coaching points-tell the players what type of pass they have to use. LEFT FOOT ONLY ? Deductions for balls too high. Have each coach stand behind grids to keep balls in play
Knock Out-an old classic

**Set-up**
Create a large circle with cones. 4-18 players each with a soccer ball inside the circle.

**Object of the game** is for players to try to kick other soccer players' balls out of bounds while protecting his or her own soccer ball.

Player who kicks out most wins.
Passing Through Gates

**PASSING THROUGH GATES**

**Setup** - split group into pairs. Use cones to create gates about three yards apart.

Each player takes a turn trying to pass the ball between the gates. A point is awarded each time the ball goes through the gates without touching a cone. Players keep track of their own points.

Play for 3-4 minutes.

Loser does pushups.

Make the game easier or tougher by adjusting the size of the gates or by adjusting the distance between the two players.
Spread Out

Set up- two teams in field with one soccerball.

The game- to teach the concept of spreading out- players play keep away by catching and throwing the ball with their hands. When a player has the ball, he cannot run, and tries to throw ball to team mate that is spread out.

At the end of 3 minutes, when the coach blows the whistle, the team with the soccer balls wins.

Progress to a soccer style game of keep away
The Bank Game

THE BANK GAME- Passing with pressure

Setup - two teams of 4 or 5 players. Each in a 40 X 40 grid (adjustable).

The Game- the coach sends a soccer ball into O's teams grid. The opposing team sends 1 players to play as a defender. The O's try to connect 4 passes in a row without the defender stealing or kicking ball out of bounds. Each time a team accomplishes this, they can make 100 bucks. Once they make a hundred bucks, they have 2 choices. Go for another hundred bucks or bank the money. To bank the money, they have to send the soccer ball back into the opposing teams grid and THEY send a defender to try to steal the ball. If the ball goes out of bound or is stolen, the coach sends a ball into the others teams grid.

Progressions- send in more than 1 defender.
make grids smaller
To make game easier make grid larger and add a offensive player
The Shooting Game

THE SHOOTING GAME

Setup- create two lines about 30 yards apart. Use cones to make a goal in the middle.

The Game-coach gives the ball to a team on one side. The opposing team sends a player into the goal.

Player 1 shoots the ball towards goal. If the goalie makes a save, he rolls the ball back to his O team and goes back behind the line with the rest of the O's.

Player 1 who shot now has to become the keeper. An O player will then take a shot on Player 1. If he scores or misses, the ball will roll to the other side. The player who shot, now becomes the keeper and Player 1 goes back with his team.

Eventually becomes a fast paced shooting game.
